

ELEVATE360 AI LLC

CAPABILITY STATEMENT

Technology procurement with mission in mind.

SBA-CERTIFIED SDVOSB & VOSB

SAM.gov: Active | UEI: HA77GFZGJ1K5 | CAGE: 25EG4

ELEVATE360 AI LLC is a Florida-based technology procurement company sourcing hardware, software licenses, networking and infrastructure products for government and commercial buyers. We review requirements, research purchasing options, and coordinate quotes and approved orders with clear communication throughout.

PROCUREMENT CAPABILITIES

Hardware & devices

Computers, servers, storage, peripherals and accessories matched to specifications and quantities.

Software & licensing

Commercial software licenses and subscriptions evaluated around user and organizational requirements.

Networking & infrastructure

Switches, routers, wireless equipment and related licensing and accessories.

Product sourcing & order coordination

Specification review, product research, quote and availability coordination, and approved-order follow-through.

WHY ELEVATE360

Founder-led accountability

Direct communication on requirements, purchasing terms and delivery expectations.

Requirements before recommendations

Product options evaluated against specifications, budget, availability and lead time.
